Vision

The Shade Trust works for a world which respects and values each child, a world which listens to children and learns, and a world where all children have hope and opportunity.

Mission

The Shade Trust fights for children's rights. We deliver immediate and lasting improvements to children's lives worldwide.

Introduction

The Shade Trust believes that it is always unacceptable for a child or young person to experience abuse of any kind and recognises its responsibility to safeguard the welfare of all children and young people, by a commitment to practices that protect them. The Shade Trust recognises that it has a fundamental duty of care towards all children and young people where its operations necessitate contact with, or have an impact on children and young people. It is committed to taking all reasonable steps in safeguarding children and young people from harm and ensuring their rights to protection are realised as far as practicable.

Our commitment to Protect Children

Our values, principles and beliefs:

1. The welfare of the child/young person is central to The Shade Trust work and takes precedence over any non-safety related concerns.
2. All children and young people, regardless of age, disability, gender, racial heritage, religious belief, sexual orientation, or identity, have the right to equal protection from all types of harm or abuse.
3. Working in partnership with children, young people, their carers', and relevant agencies is essential to promoting a child or young person's welfare.
4. We must take positive action to promote safe practices and protect children and young people from all forms of harm, abuse, neglect, and exploitation where reasonably possible.

What we will do

We will meet our commitment to protect children from abuse through the following means:

Awareness: we will ensure that all staff and others are aware of the problem of child abuse and the risks to children.

Prevention: we will ensure, through awareness and good practice, that staff and others minimise the risks to children.

Reporting: we will ensure that staff and others are clear of what steps to take where concerns arise regarding the safety of children.

Responding: we will ensure that action is taken to support and protect children where concerns arise regarding possible abuse.

In order that the above standards of reporting and responding are met, members of The Shade Trust will also ensure that they:

1. Take seriously any concerns raised.
2. Take positive steps to ensure the protection of children who are the subject of any concerns.
3. Support children, staff or other adults who raise concerns or who are the subject of concerns.
4. Act appropriately and effectively in instigating or co-operating with any subsequent process of investigation.
5. Are guided through the child protection process by the principle of best interests of the child.
6. Listen to and take seriously the views and wishes of children.
7. Work in partnership with parents/carers and/or other professionals to ensure the protection of children.
